Community Members,

Taraval Station Officers continue to work hard everyday and strive to make our community safer for everyone to live in. We are paying particular attention to the areas in our district where we see a spike in crime, especially related to vehicle break ins. As a reminder please don't leave any valuables in your vehicles. Property crime is an issue that we are addressing and we are coming up with new strategies to deter and prevent crimes in your neighborhoods. Remember you are our eyes and ears, so if you see something in your neighborhood that just doesn't seem right please call us to come investigate. We are always here to help or answer any questions you may have anytime day or night.

Compared to last year, the numbers year to date to this year are as follows. Currently we are up 2% in vehicle burglaries and up 12% in vehicle thefts. However, we are down 11% in robberies, down 38% in burglaries and down 3% in assaults.

The Fall season is approaching, which means the weather will be changing and getting dark early. Remember to slow down during rain, and turn your headlights on. Be aware of pedestrians crossing the street as they too also need to pay attention to their surroundings.

- In this issue, you will find information on events that are happening in our district and around the city. This issue also contains the current crime statistics for robberies, burglaries and auto burglaries.

If you are reporting a crime in progress, dial 9-1-1. Also, call 9-1-1 to report fires, medical emergencies or any emergency related to public safety.

To report a non-emergency incident (a crime that has already occurred and the suspects are gone) please call the SFPD non-emergency phone number at 415-553-0123 to have an Officer dispatched to meet with you. You may also go to any SFPD district station to make a report or go to

## Protect Your Vehicle Against Catalytic Converter Theft & Prius Hybrid Battery Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs and now Prius) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

---

## Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.

### ¿QUÉ ES LA MEDIACIÓN?

La mediación es una reunión de tipo voluntario y confidencial, en donde las personas que se encuentran en dificultades con otras se reúnen para discutir entre ellas con la ayuda imparcial de terceras personas, las cuales son nuestros mediadores comunitarios.

Los mediadores ayudan a la gente a encontrar soluciones prácticas y duraderas. Los mediadores no dan consejos ni hacen juicios. El objetivo es ayudar a todos a sentirse escuchados, comprendidos y respetados.

## Definition of Suspicious Activity

Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

### Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages or individuals following delivery trucks to see where the truck is dropping off packages.
- Please dial 911 to report crimes in progress, suspicious activity or for life threatening emergencies. If it is not an emergency, dial (415) 553-0123.

**See something.  
Say something.**

## Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.
