

## Taraval Station Newsletter

Dear residents and community members,

In 2017, the Taraval District had an increase in the number of auto burglary incidents, but had a decrease in the number of residential burglary incidents. At the beginning of this year, Taraval Station began an on-going abatement effort, coupled with an educational outreach program to address both crimes from multiple fronts. Taraval Station officers will conduct operations in different areas of the district and will identify and/or apprehend subjects who are committing these types of crimes. Taraval Station officers will also conduct an educational outreach component to residents, businesses and visitors in an effort to decrease the number of incidents. Taraval Station looks forward to working with you to ensure that the district continues to be safe and vibrant.

Happy New Year!

*Captain Robert Yick

## NEWS RELEASE

### **Traffic Safety Enforcement Operations Plan for San Francisco with OTS Grant**

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on January 4th, 8th, 10th and 30th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

## San Francisco Tips

**Dress in layers** - San Francisco has several microclimates that can change the temperature by 10 degrees from block to block.

To ensure cyclists' safety, check your surroundings before opening car doors, making right turns and crossing the street. If you will be biking please note that it is unlawful for bikes to travel on the sidewalks in San Francisco.

Take a **reusable bag** when you go shopping to avoid a .10¢ per bag fee.

A **Muni Visitor Pass** can be purchased for 1, 3, or 7 consecutive days of unlimited rides on Muni, Muni Metro, historic streetcars and cable cars. They can be purchased at most Walgreens in the city, the San Francisco Visitor Information Center at 900 Market Street and the cable car kiosks.

Every Tuesday at noon San Francisco tests the **Outdoor Warning System** that emits a 15 second alert tone. If you hear the sirens at any other time go indoors immediately.

When parking on one of San Francisco's famous hills make sure to **curb your wheels**. Turn the tires toward the street when facing uphill and toward the curb when facing downhill to use the curb as a block.

Do not pass stopped cable cars or streetcars.

Be alert, particularly in crowded situations. Staged distractions are a favorite play of pickpockets.

### New Year's Eve Emergency Alerts in San Francisco

*San Francisco, CA* – The San Francisco Department of Emergency Management (SFDEM) encourages people celebrating New Year's Eve in San Francisco to text the phrase NYESF17 to 888-777 to receive emergency text message alerts related to New Year's Eve events in San Francisco. New Year's Eve celebrants may also visit [www.sfdem.org/NYESF](http://www.sfdem.org/NYESF).

SFDEM has setup a special New Year's Eve registration code for the AlertSF emergency text system. Thousands of people come into the City to celebrate New Year's Eve. These visitors may not be registered for AlertSF or have any interest in receiving regular alerts. This will allow visitors to receive emergency alerts for New Year's Eve only.

AlertSF is a text-based notification system for San Francisco's residents and visitors. AlertSF will send alerts regarding emergencies disrupting vehicular/pedestrian traffic, watches and warnings for tsunamis, flooding, and Citywide post-disaster information to your registered wireless devices.

San Francisco public safety agencies are working with our state and federal partners to help keep New Year's Eve celebrations safe for all people. The City will have additional resources available on New Year's Eve. This means there will be more police officers, fire fighters, ambulances, deputies, and dispatchers available to respond. San Francisco's Emergency Operations Center (EOC) will be active to support first responders, coordinate city resources, and provide public information.

San Francisco residents, visitors, and businesses can help by remaining vigilant while enjoying New Year's Eve festivities. These simple tips will help you stay safe:

- If you see something, say something. Call 9-1-1 or talk to a police officer if you see something suspicious.
- Have a plan. It is easy to lose track of people during large events. It is even more difficult when there is an emergency. Designate a meet up spot if you get separated from your group.
- Be aware of your surroundings and take note of emergency exits.
- Have a designated driver or alternative transportation plan if you plan on drinking alcohol.
- All fireworks including "Safe and Sane" are dangerous and illegal in San Francisco. We encourage everyone to choose the safety and observe a public fireworks shows.
- If you have a noise complaint, call the police non-emergency line at (415) 553-0123.
