Dear residents and community members,

On Friday, January 19, 2018, San Francisco SAFE and Taraval Station hosted a press conference to announce the Lunar New Year Safety. San Francisco SAFE Executive Director, Kyra Worthy reported that (years ago) it was common for criminals to intimidate and extort merchants this time of year. Therefore, San Francisco Safe and the department partnered to abate this type of crime. Executive Director Worthy displayed a calendar that included Lunar New Year Safety tips in English and Chinese.

I would especially like to thank San Francisco SAFE Public Safety Coordinator, Wesley Chu for coordinating this event. I would also like to thank Supervisor Katy Tang, Benny Yee and Bill Barnickle for their attendance and support.

If you are a victim, please remain calm and immediately dial 911. Tell the dispatcher what happened and provide the best description possible. Language assistance is always available, and please remember “If you see something, say something”.

Thank you,

Captain Robert Yick
Commanding Officer Taraval Station

- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages or individuals following delivery trucks to see where the truck is dropping off packages.
- ◆ Please dial 911 to report crimes in progress, suspicious activity or for life threatening emergencies. If it is not an emergency, dial (415) 553-0123.

**See something.

- Monthly Police Community Relations Meetings: Community Meetings are going to be held continuously. Officers and sergeants also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.

The victim reported that he recognized the juvenile suspects that had assaulted him and several other citizens a few days ago were standing across the street from him. Once across the street, the suspects noticed the victim and started laughing at him while one suspect was observed immediately removing something out of his pocket. The victim was uncertain of what the unknown object was and removed his own knife out and held it for protection. The suspects continued to laugh at the victim and walked away. Suddenly, one suspect turned back and used a BB gun to fire approximately twenty shots at the victim. The victim was not struck by the shots and the suspects fled the location. Responding officers searched and located one of the suspects, who was recognized as a wanted person for a robbery that had recently occurred in the Mission District. **The suspect was arrested.**

Traffic Safety Enforcement Operations Plan for San Francisco with OTS Grant

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on January 4th, 8th, 10th and 30th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

San Francisco Tips

Dress in layers - San Francisco has several microclimates that can change the temperature by 10 degrees from block to block.

To ensure cyclists' safety, check your surroundings before opening car doors, making right turns and crossing the street. If you will be biking please note that it is unlawful for bikes to travel on the sidewalks in San Francisco.

Take a reusable bag when you go shopping to avoid a .10¢ per bag fee.

A Muni Visitor Pass can be purchased for 1, 3, or 7 consecutive days of unlimited rides on Muni, Muni Metro, historic streetcars and cable cars. They can be purchased at most Walgreens in the city, the San Francisco Visitor Information Center at 900 Market Street and the cable car kiosks.

Every Tuesday at noon San Francisco tests the Outdoor Warning System that emits a 15 second alert tone. If you hear the sirens at any other time go indoors immediately.

When parking on one of San Francisco's famous hills make sure to **curb your wheels**. Turn the tires toward the street when facing uphill and toward the curb when facing downhill to use the curb as a block.

Do not pass stopped cable cars or streetcars.

Be alert, particularly in crowded situations. Staged distractions are a favorite ploy of pickpockets.
