Greetings everyone,

I think we might finally be out of the bulk of the rainy season and Spring is upon us, I hope! As we transition into Spring our daylight starts to last longer I would like to give everyone a reminder to please "drive safely". The sun can shine directly in your eyes and reflections can hit from different angles and we can all get a bit more relaxed while driving in what we think are better conditions but we must remain attentive to safe driving. We have had some terrible accidents throughout The City as of late so expect to see stepped up enforcement not only in the Taraval but Citywide. We had a bad accident on John Muir Drive recently where a mother and her daughter were hit by a car while crossing the street in a pedestrian crosswalk. It is with a very heavy heart that I sadly report that the 14 year old girl did not survive the accident. I have been a Police Officer for over 25 years and it always hits me hard when children are hurt, I have kids of my own and my mind always wanders to them and I feel deep sympathy for the loss of any child. The Officers from Taraval Station that were the first responders to the scene were also deeply affected. I also feel bad for the driver as they did not mean for this to happen and now they have to live with the tragic reality. It is even hard for me to write this but I have to, if my message to the community saves a life we all are better off. I know in my last column I reference the old saying of "it's not worth it" if something happened while not driving safely or being distracted but it really is true so please take it to heart.

It's a bit hard for me to transition out of my last message but I do want to share more information with everyone including our latest crime stats. Taraval Station Officers continue to do a good job in an effort to reduce home and auto burglaries. Auto burglaries dropped from 161 in January to 123 in February, a 24% decrease and from 123 in February to 80 in March, a 35% decrease. Home burglaries dropped from 28 in January to 23 in February, an 18% decrease and from 23 in February to 19 in March, a 17% decrease. Taraval Station Officers as well as the Taraval Neighborhood Team, TNT, continue to work with our Burglary and Robbery Units. They share information, work together, learn from each other to get better and they are making a difference.

In a recent joint operation between Taraval Station and Richmond Station I loaned our TNT crew to work with Captain Michelle Jeans' plainclothes crew. The joint operation was quickly on the trail of a trio of auto burglars and the team of Officers effectively worked together and displayed great teamwork and tenacity as they never lost the "eye" and observed the trio casing several vehicle and then they quickly hit and broke into a vehicle. The team was able to safely and stealthily follow the auto burglars and eventually effected a traffic stop on the felonious few. So as the investigation unfolds two youngsters an 18 year old and a 19 year old are driving around a 12 year old and sending him out to break into cars. Can you believe it 12 years old! Wow that's a new one on me. We will see how this plays out in court.

As I close I again have to go back to my message of safe driving. I had a recent conversation with the President of the Board of Supervisors Norman Yee in which Supervisor Yee said "we have to change our culture of driving too fast or distracted". I could not agree more. We need to focus more on personal safety and driving a safe speed. Enforcement alone is not enough.

Taraval Community Members, We are seeing an increase in burglaries targeting homes that are under construction. In these incidents, suspects would break into the building or construction sites and steal numerous high end construction equipment. Currently, if your home is under construction and no one is at that location after work hours, please call Taraval Station at 415-759-3100 and provide your name and the address of the construction site and phone number. We can have our officers conduct passing calls.

DON'T BE A VICTIM OF A BURGLARY!

Burglary Awareness & Prevention Tips for Construction Sites

Securing & Preventing

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

San Francisco, CA 94116
(415) 759-3100

Precautionary Measures

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

Should a Burglary Occur

- Immediately contact 911. Be prepared to provide the following information:
- a) Time of incident.
 - b) Video (if available).
 - c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
 - d) Insurance information.
 - e) Owner's information.

Public Safety Advisory

Construction Site Burglaries & Thefts

Construction site burglaries and thefts are a common and costly occurrence in San Francisco. Valuable time and money are lost when equipment and materials are stolen from a worksite or vehicle. Consider the following suggestions to reduce your risk of being victimized:

- Plan the site security well in advance.
- Network with law enforcement, contact the local district police station to provide work site location and work hours.
- Notify the surrounding neighbors by providing them with a "Courtesy Note" asking them to report any suspicious activity or crime immediately to the police. Provide them with additional emergency contact information and work hours.
- Lighting is a good crime deterrent. Prepare the site for additional lighting around the perimeter.
- Inventory, engrave or mark your tools for recovery. Tools and equipment should be inscribed with your CA driver's license number. This will help police locate the owner of recovered tools or equipment and help with testimony at a trial. Materials and equipment should be secured in a cargo container for storage if not removed from the work site.
- Construction site doors and windows should be secured by locks, otherwise fencing or boarding should be erected.
- Good communication between the site supervisor and employees is vital so that doors and windows are not left open or unsecured at the end of the workday. Provide employees with written instructions on security expectations. It should be the responsibility of the Construction Supervisor to lock up the site.
- Screen your employees. Employees should wear visible identification. Never assume someone on site is a construction worker.
- Avoid leaving equipment vehicles at an unattended worksite.
- Secure portable toilet door with a padlock.

To report an emergency call 9-1-1, for non-emergency call 415/553-0123.

San Francisco Police Make Arrests in Illegal Cultivation & Money Laundering Investigation

In December 2018, officers at SFPD's Taraval Station began an investigation into illegal marijuana cultivation conspiracy, money laundering and possible human trafficking in the Taraval and Ingleside Police Districts.

On the morning of February 21, 2019 the Taraval Neighborhood Team (TNT), the SFPD Narcotics Detail, and the SFPD Special Victims Unit served seven simultaneous search warrants that resulted in the seizure of evidence from the following locations:

- 840 marijuana plants- 200 block of 40th Avenue
- 900 marijuana plants and 12 lbs. of wrapped marijuana in a suitcase- 3400 block of Judah Street
- 1,237 marijuana plants and \$11,000 in U.S. currency- 1900 block of 45th Avenue
- 435 marijuana plants- 2500 block of Ocean Avenue
- Financial information related to the operation- 200 block of Summit Way
- Financial information related to the criminal conspiracy seized- 4000 block of Alemany Boulevard

A total of 3,412 marijuana plants were seized in addition to three vehicles used in the criminal conspiracy. The investigation unearthed numerous fire code violations as the marijuana grow houses were found to have illegal electrical infrastructures, creating a fire hazard for the surrounding community.

The financial information seized from the above-mentioned locations was indicative of an ongoing money laundering operation used to fund and expand the criminal enterprise.

Beware of Scams

Fake Check Scams

Consumers paid with phony checks for work or for items they're trying to sell, instructed to wire money back to buyer

Prizes/Sweepstakes/Free Gifts

Requests for payment to claim fictitious prizes, lottery winnings, or gifts

Recovery/Refund Companies

Scammers contact victims and claim the consumer owes money on a fictitious debt or to help recover money lost in a previous scam

Advance Fee Loans, Credit Arrangers

False promises of business or personal loans, even if credit is bad, for a fee upfront

Phishing/Spoofing

Emails pretending to be from a well-known source ask consumers to enter or confirm personal information

Computers: Equipment and Software

Scammers claim to offer "technical support" for computer problems and charge a fee to fix a nonexistent problem

Scholarships/Grants

For a fee, a "search company" offers to conduct customized search for scholarships or grants for students. Scammers take money and run or provide a worthless list

Friendship & Sweetheart Swindles

Con artist nurtures an online relationship, builds trust, and convinces victim to send money

Charitable Solicitations

Scammers contact victims claiming to represent non-existent charities (or real charities they don't actually work for) and ask for donations.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages or individuals following delivery trucks to see where the truck is dropping off packages.
- Please dial 911 to report crimes in progress, suspicious activity or for life threatening emergencies. If it is not an emergency, dial (415) 553-0123.

**See something.
Say something.**

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

Homeless Outreach and Outreach to Drug Users:

Taraval Station has two officers that coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.

Foot Patrols:

Taraval Station has 3 foot beat locations. These officers are assigned to Irving St, West Portal Ave and Ocean Ave.

Monthly Police Community Relations Meetings:

Community Meetings are going to be held continuously. Officers and sergeants also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving. These meeting will be on the third Tuesday of each month.

Email Updates:

Taraval Station will send out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.
