Community Members,

Although the hot weather seems to be subsiding for now, we at Taraval Station want to remind everyone to make sure you stay hydrated by drinking water. Know when you are having heat exhaustion vs heat stroke. See next page for the signs on what to look for. When you leave your vehicle, look before locking. Make sure everyone is out of the vehicle including pets.

We are having an increase in business burglaries along Irving St and 9th Ave. At the end of business, make sure you hide all valuables and electronic devices in a safe that is secured to an immovable object.

Security cameras have been instrumental in capturing suspects and bringing cases to prosecution. If you have security cameras that record the public areas of your house including the streets, it is helpful that you register them with Taraval Station at Michael.Pheng@sfgov.org. If you have any questions please call 415-759-3100

Our monthly community meeting is next week, Tuesday, June 18th at Taraval Station at 6:00 pm

In this issue, you will find information on events that are happening in our district and around the city. This issue also contains the current crime statistics for robberies, burglaries and auto burglaries.

If you are reporting a crime in progress, dial 9-1-1. Also, call 9-1-1 to report fires, medical emergencies and any emergencies related to public safety.

To report a non-emergency incident (a crime that has already occurred and the suspects are gone) please call the SFPD non-emergency phone number at 415-553-0123 to have an Officer dispatched to meet with you. You may also go to any SFPD district station to make a report or go to

San Francisco Police Department is celebrating Pride Month in June by sporting new Pride Patches. We're the 1st law enforcement agency in the nation to do so. Funds raised by donations for the patches will support Larkin Street Youth Services. Contact your local SFPD district station for more information.

Become A Reserve Officer.

The Police Reserve Officer Program is comprised of community members, such as yourself, and retired police officers who wish to volunteer as a Reserve Police Officer. These officers supplement the full-time officers in a variety of duties throughout the Department. This program is ideal for individuals who have an established career but always wanted to experience being Police Officer. Reserve Officers can enjoy the best of both worlds, maintain their chosen career while helping to police an internationally known city. There will be a Level III Reserve Police Academy starting on September 23, 2019 and it will conclude on December 4th. The Reserve Academy takes place on Mondays and Wednesdays from 6pm to 10pm and all day on Saturdays from 8am to 5pm. The cost for the Academy is 1765.00. This is the minimum requirement to be a Level III Reserve in the state of California. This is a volunteer position with great training opportunities and experiences seldom seen. The Level III Academy is 168 hours long.

If you need additional information please call Sgt. Kin Lee at the Community Engagement Division at 1-415-558-5514 or email KinYau.Lee@sfgov.org or Email Retired Deputy Chief, Garret Tom at Garret.Tom@sfgov.org

Protect Your Vehicle Against Catalytic Converter Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.
