Featured Officer of the Month

Officer Vicent Warren

Each month Taraval Police Station features one of its officers in an effort to learn more about the men and women who police our neighborhood. This month, we interviewed Officer Vincent Warren

Officer Vincent Warren

Prior to being a Police Officer he was a paramedic in SF, working for AMR as a FTO/field supervisor. He also worked as a paramedic with SFFD out of station 49 and an anesthesia technician at SFGH. He was also a volunteer flight medic for East Bay Regional Parks Police Department. He enjoy working/building motorcycles and cars and spending time with his cousin refurbishing his grandfathers fishing boat in fisherman's wharf. Currently, he is assigned to west portal foot beat where he really enjoy speaking with the merchants and community and addressing any concerns they may have. His cousin used to own Paradise Pizza which used to be on west portal and 15th avenue and they would hold family reunions there so the area of West Portal is close to home for him.

Featured Citizen of the Month

Jennifer Lee

Each month Taraval Police Station features a citizen who represents the unique flavors of the Taraval Police District. This person goes out of his way to help out the community or Taraval Station. This month, we interviewed Jennifer Lee

Jennifer Lee was born and raised in San Francisco and grew up in the Parkside area of the Sunset district. She went to St. Cecilia's and Lowell High School before moving to the East Coast for college. After spending 9 years in Boston and New York, Jen returned to SF, where she is now back in the Sunset district, running the family business, Footprint, on Taraval St. and serving as Vice President of the Taraval Merchants Association (POPS) and Secretary of the San Francisco Council of District Merchants Associations (SFCDMA). Jen is passionate about her community and loves the ocean, dogs, yoga, film, and music

It has been 9 years since the establishment of the Taraval Community Police Advisory Board (CPAB), which is comprised of civilian volunteers from their respective residential and commercial communities and a representative from San Francisco SAFE. The role of each CPAB member is to advise the District Captain about crime and quality of life issues that affect the community and help problem solve and brainstorm creative solutions to recurring problems.

Protect Your Vehicle Against Catalytic Converter Theft & Prius Hybrid Battery Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs and now Prius) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.

TARAVAL STATION

Taraval Community Members, We are seeing an increase in burglaries targeting homes that are under construction. In these incidents, suspects would break into the building or construction sites and steal numerous high end construction equipment. Currently, if your home is under construction and no one is at that location after work hours, please call Taraval Station at 415-759-3100 and provide your name and the address of the construction site and phone number. We can have our officers conduct passing calls.
