Protect Your Vehicle Against Catalytic Converter Theft

The catalytic converter was mandated for all U.S. cars and trucks in 1975, to convert harmful pollutants into less harmful emissions before they left the exhaust system. Precious metals such as platinum, palladium, rhodium or gold are used as the catalyst. Depending on which metal was used, thieves can sell the converters to metal recyclers for \$20-\$200. The recyclers then extract the metal and resell thousands of dollars an ounce, as in the case of rhodium. While national theft figures are not recorded for catalytic converter theft, the crime has risen in tandem with sharply rising metal prices.

Thieves can remove a catalytic converter quickly, often in less than two minutes. The only tools a thief needs are a wrench (for converters that are bolted on) or a reciprocating saw (for converters that are welded in). Most common vehicle we've seen hit are Toyota Prius and vehicles with high ground clearance.

We recommend parking your vehicle in your garage or in a well-lit area and close to heavy foot or vehicle traffic. Have the catalytic converter welded to your car's frame. Engrave your vehicle's identification number (VIN) on the catalytic converter. Determine if your vehicle has a motion sensor or consider installing one where any motion will trigger the alarm. There are also newer security features can be added to enclose the catalytic converter.

Taraval Officers had arrested the suspects on two incidents. We had seen only a slight decline after those arrest, but the thefts are still on going. If you see something say something, report it to the police.

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

Did you just purchase a new bicycle or have one that hasn't been registered?

RIDE ON!

Make Bicycle Theft a Thing of the Past

In order to address the issues cyclists are faced with, SAFE has partnered with the San Francisco Police Department and dedicated community members to create SAFE Bikes. SAFE Bikes maintains a registry to help get your bike back to you in case it's stolen, and an information page to keep you and your bike out of harm's way.

Register your bicycle at SFSAFE at <https://sfsafe.org/safe-bikes/>

The SAFE Bikes sticker and ID code have been instrumental in helping law enforcement get recovered bikes back to their owners. To register your bike with SAFE Bikes, you will need:

- Make, model, serial number and complete description of the bicycle.
- A photo of the purchase receipt
- A photo of the bicycle

The [SAFE Bikes Registration Form](#) will open in a new tab. If the tab doesn't open, please send an email with your name and address and we'll get you started with bike registration.

After your registration is complete, you will receive a sticker in the mail to place on your bike.

Have you recently purchased a new bicycle or have an old one that you cherish. Here are some tips from SF Safe on what you should do next to increase your chances of recovering your bicycle if it is ever stolen.

YOUR BIKE HAS BEEN STOLEN. NOW WHAT?

Here's what you should do next to increase your chances of recovering your bike:

➔ File a Police Report

You can do this in one of three ways:

- Online at sanfranciscopolice.org/reports
- Via phone by calling (415) 553-0123
- In person by going directly to your district police station

➔ Call or Email SF SAFE

Give us a call so we can list your bike as stolen on our database. You can reach us at (415) 553-1984 or info@sfsafe.org.

➔ Register

If you haven't done so already, register your bike at nonprofit bike registry, bikeindex.org. If you are already registered, take action to flag your bike as stolen.

➔ Read Up

SF SAFE recommends reading "What to Do After Your Bike Has Been Stolen" on Medium. The article has a multitude of gems about where and how to post about your bike on social media to increase chances of recovering it.

➔ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

➔ Don't Recover Your Bike Yourself

If you see your bike for sale on Craigslist or OfferUpNow.com, don't try to recover it yourself. Contact SFPD directly.

➔ Keep in Touch

If the police contact you to return your bike or if you recover it, please let us know! That way, SF SAFE can keep our files updated.

Visit www.sfsafe.org for more safety tips!

If you have any questions, please email safebikessf@sfsafe.org

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➔ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➔ Stay Off the Horn

Sudden honking might startle a cyclist and can cause them to swerve into traffic or off the road.

➔ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➔ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➔ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➔ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

Combating Hate Crimes

Hate has no home in San Francisco, whether during a pandemic or in normal times. The San Francisco Police Department and San Francisco District Attorney's Office have collaborated to provide valuable information to help people identify and report hate crimes.

Watch the video at <https://vimeo.com/409110581>

San Francisco District Attorney’s Victim Services Division

The Victim Services Division of the San Francisco District Attorney’s Office strives to make the criminal justice system humane and accessible by providing support and assistance to victims and their families in the aftermath of a crime, during criminal prosecution, and after a verdict has been reached. Even if justice is served in the court room, it does not always immediately change the way victims feels in their day-to-day lives afterwards.

Our division provides victims with advocacy, streamlines the process for collecting restitution and recouping compensation for financial losses when possible, and, in general, works tirelessly to support victims regain control over their lives.

VSD provides referrals for victims of violent crimes for:

- Crisis support services and counseling.
- Guidance in navigating the criminal justice system and providing case information.
- Emergency assistance: relocation, transportation and safety planning.
- Referral to local resources and services- employment, medical/dental, mental health, housing and childcare.
- Funeral and Burial expenses

Please contact them for more information if you are, or have been, a victim of crime.
