Dear residents, merchants, and community stakeholders of the Taraval District,

During this last week, I reviewed a couple of reports where the victim reported being scammed out of thousands of dollars. It is very rare to recoup the lost money and can be devastating financially to our victims. I'd like to remind our Taraval residents to be aware of financial scams. There are many tactics that criminals use. Page 6 includes a list of common scams and here is an available [link](#). Have a great weekend and enjoy the weather when you can.

- Compared to the same time last year (10/11/2019), the numbers year to date are as follows: Currently, we are down 31% in vehicle burglaries, 26% in assaults, and 32% in robberies. We are currently up 26% in vehicle thefts and 7% in home and commercial burglaries. Officers are out in your neighborhood patrolling the streets and enforcing the law. Help us; If you see something, Say something.

- If you are reporting a crime in progress, dial 9-1-1(415-553-8090 on cell phones) to report fires, medical emergencies or any emergency related to public safety. To report a non-emergency incident (a crime that has already occurred and the suspects are gone) please call the SFPD non-emergency phone number at 415-553-0123 or you can go online to file certain reports at <https://www.sanfranciscopolice.org/get-service/police-reports/file-police-report>

- For the week of October 5 - October 11, we've seen 17 burglaries, no robberies, 10 stolen vehicles, and 30 auto burglaries.
- Most of the burglaries are still from garages. Suspects are able to gain entry by defeating the automatic garage door emergency locking mechanism. See page 7 for more information.
- Package theft are still an issue. See page 10 for prevention information from SFSafe.

Great work by Officers Responding to a dangerous call.

On 10/09 at 9:45 pm, officers responded to a report of a witness, security guard for Park Merced, seeing a suspect arguing loudly with other people. The witness saw a gun hanging out of the suspect's pocket standing near a dark colored vehicle. Officers arrived on scene and located the suspect among two other people. Officers identified themselves and detained the suspect. The suspect appeared to be highly intoxicated but compliant. The officers conducted a cursory search and observed the grip of a gun. Officers seized the loaded gun. A computer check revealed that the suspect had previous felony conviction for robbery and possession of a loaded firearm.

San Francisco Police Seeking Public's Assistance with San Francisco Zoo's Stolen Lemur Investigation 20-116

On October 14, 2020, at approximately 9:40 AM San Francisco Police Officers responded to the San Francisco Zoo regarding a report of a burglary that occurred overnight. A Ring-tailed lemur male named "Maki" was removed from its habitat and is missing. Officers arrived on scene and discovered forced entry to the animal enclosure where the lemur was housed. Investigators have processed the scene for evidence and the burglary is under investigation. Maki is an endangered animal and requires specialized care, we are asking the public to help get him returned to the San Francisco Zoo.

A photo of a Ring-tailed lemur accompanies this release. Anyone who sees the lemur should call 911 or their local law enforcement agency. Please be prepared to provide the lemur's current location and a description of anyone in possession of him.

Anyone with information regarding this investigation is asked to call the SFPD 24-hour tip line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](https://www.sfpd.org/tip411) and begin the text message with SFPD.

Charitable Solicitations

Scammers contact victims claiming to represent non-existent charities (or real charities they don't actually work for) and ask for donations.

SFPD Announces a Community Engagement Survey 20-014

On September 15, 2020, the San Francisco Police Department launched a Community Engagement Survey on the San Francisco Police Department's Website.

In our efforts to continue the Department of Justice (DOJ) Collaborative Reform Initiatives (CRI), the San Francisco Police Department is excited to announce the launch of a Community Engagement Survey.

"The survey will be used to attain important feedback from the community to help achieve and maintain open dialogue and free discussion between the Department and those whom we serve. Through the survey, the SFPD hopes to receive the community's input, which may include praise and criticism in order to improve Community Engagement events and programs." Commander Daryl Fong, Community Engagement.

SFPD to Unveil New Online System to Obtain Copies of Police Reports via GovQA 20-096

The SFPD Crime Information Services Unit (CISU) processes requests for copies of police incident reports and is pleased to announce the release of a new and improved way to process these requests.

Effective Tuesday, September 8, 2020 the Incident Report Request Portal goes live! The portal, powered by GovQA, will modernize CISU's processes and greatly streamline the Department's distribution of incident reports.

Victims of crimes, parties to traffic collisions and their representatives will have the ability to create an account through CISU's GovQA portal and will be able to track request(s), receive reports and correspond securely online. Using the portal is the most secure and convenient way to request and receive copies of incident reports filed with SFPD in the City. All other existing submittal methods for requesting copies of incident reports will remain available.

This online request portal will receive and process all types of San Francisco Police Incident Report requests. Report types include traffic collisions, domestic violence and all other incidents of general crime.

The portal also includes a Fast FAQs section to help answer common questions about the report request process.

Information about requesting reports is available on the CISU webpage at:

<https://www.sanfranciscopolice.org/get-service/police-reports/request-police-report>

The portal can be accessed via the page above or directly at:

<https://cisusanfranciscopd.mycusthelp.com/WEBAPP/rs/SupportHome.aspx?lp=3>

Anyone with questions or comments about this new service may contact a CISU supervisor during normal business hours at [1-415-575-7232](tel:1-415-575-7232).

Crime reports and collision reports occurring at the San Francisco International Airport are available for a fee after five (5) business days at the San Mateo County Hall of Justice, Records, 3rd Floor, 400 County Center, Redwood City 94063, Monday through Friday, 9:00AM to 5:00PM Phone: [1-650-363-4525](tel:1-650-363-4525), Fax: 1- 650-365-9884.

Thieves can Break Into Locked Garages with Just a Coat Hanger

A burglar can open a closed roll up garage door in seconds, with just a small block of wood and a coat hanger. This garage door safety release mechanism can be tripped from outside of your garage door with nothing more than a coat hanger. To open up a roll-up garage door, all a thief needs to do is thread a coat hanger or hooked piece of wire through the top of the door and pull the emergency latch. By disengaging the safety release on your door the door can be rolled up by hand to let a thief inside and then quickly back down as if nothing were out of the ordinary.

It's very easy to defeat an automatic garage door opener and break into a garage, especially when you have garage door windows that enable a thief to see exactly what they're doing. Even without windows the task is fairly easy and can be done just on feel and knowing the mid-point of your garage where the release cord is located.

Removing the cord makes getting in a bit more time-consuming for a burglar to get inside your garage. If it takes too long the thief may give up rather than risk getting caught in the act of breaking in your garage.

The Best Solution – Lock the release lever into the engaged position. On some garage door openers, you can use a plastic cable tie or some thin wire to tie the lever to the carriage assembly it is attached to. The lever always has a hole in it (to attach the release cord) and some carriage assemblies have holes you can run the cable tie or wire through. If your garage door release doesn't, you can drill a hole. The idea is that you just need to make it virtually impossible for a flimsy coat hanger to be able to pull the lever down, while, at the same time, allowing you to cut or remove your simple lock from inside the garage. One option is using zip-ties to lock the engaging arm on the automatic opener. While this will prevent the bypass technique employed by thieves, the safety pull handle can still be yanked hard from inside the garage to break the zip ties in an emergency. Another way is to create a shield or cover so the coat hanger can not access the release. These methods will still allow you to use your remote control to open the garage door. Search the internet or ask your garage door specialist for more safety preventions.

San Francisco Police Release Burglary Awareness Crime Prevention Video

On September 8, 2020 the San Francisco Police Department released a crime prevention video to remind the public not to leave valuables in parked cars including garage door openers, which burglars have used to enter residential garages and homes.

The video can be viewed by clicking this link: <https://vimeo.com/452723805/8db0311cd1>

Keeping items out of your vehicle when parked is important to not tempt thieves. One thing to keep in mind while parked at your residence is to remove your garage door openers. Sergeant Scott Hom with the San Francisco Police Depart-

Protect Your Vehicle Against Catalytic Converter Theft

The catalytic converter was mandated for all U.S. cars and trucks in 1975, to convert harmful pollutants into less harmful emissions before they left the exhaust system. Precious metals such as platinum, palladium, rhodium or gold are used as the catalyst. Depending on which metal was used, thieves can sell the converters to metal recyclers for \$20-\$200. The recyclers then extract the metal and resell thousands of dollars an ounce, as in the case of rhodium. While national theft figures are not recorded for catalytic converter theft, the crime has risen in tandem with sharply rising metal prices.

Thieves can remove a catalytic converter quickly, often in less than two minutes. The only tools a thief needs are a wrench (for converters that are bolted on) or a reciprocating saw (for converters that are welded in). Most common vehicle we've seen hit are Toyota Prius and vehicles with high ground clearance.

We recommend parking your vehicle in your garage or in a well-lit area and close to heavy foot or vehicle traffic. Have the catalytic converter welded to your car's frame. Engrave your vehicle's identification number (VIN) on the catalytic converter. Determine if your vehicle has a motion sensor or consider installing one where any motion will trigger the alarm. There are also newer security features can be added to enclose the catalytic converter.

Taraval Officers had arrested the suspects on two incidents. We had seen only a slight decline after those arrest, but the thefts are still on going. If you see something say something, report it to the police.

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

Did you just purchase a new bicycle or have one that hasn't been registered?

RIDE ON!

Make Bicycle Theft a Thing of the Past

In order to address the issues cyclists are faced with, SAFE has partnered with the San Francisco Police Department and dedicated community members to create SAFE Bikes. SAFE Bikes maintains a registry to help get your bike back to you in case it's stolen, and an information page to keep you and your bike out of harm's way.

Register your bicycle at SFSAFE at <https://sfsafe.org/safe-bikes/>

The SAFE Bikes sticker and ID code have been instrumental in helping law enforcement get recovered bikes back to their owners. To register your bike with SAFE Bikes, you will need:

- Make, model, serial number and complete description of the bicycle.
- A photo of the purchase receipt
- A photo of the bicycle

The [SAFE Bikes Registration Form](#) will open in a new tab. If the tab doesn't open, please send an email with your name and address and we'll get you started with bike registration.

After your registration is complete, you will receive a sticker in the mail to place on your bike.

TARAVAL STATION

Have you recently purchased a new bicycle or have an old one that you cherish. Here are some tips from SF Safe on what you should do next to increase your chances of recovering your bicycle if it is ever stolen.

YOUR BIKE HAS BEEN STOLEN. NOW WHAT?

Here's what you should do next to increase your chances of recovering your bike:

➡ File a Police Report

You can do this in one of three ways:

- Online at sanfranciscopolice.org/reports
- Via phone by calling (415) 553-0123
- In person by going directly to your district police station

➡ Call or Email SF SAFE

Give us a call so we can list your bike as stolen on our database. You can reach us at (415) 553-1984 or info@sfsafe.org.

➡ Register

If you haven't done so already, register your bike at nonprofit bike registry, bikeindex.org. If you are already registered, take action to flag your bike as stolen.

➡ Read Up

SF SAFE recommends reading "What to Do After Your Bike Has Been Stolen" on Medium. The article has a multitude of gems about where and how to post about your bike on social media to increase chances of recovering it.

➡ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

➡ Don't Recover Your Bike Yourself

If you see your bike for sale on Craigslist or OfferUpNow.com, don't try to recover it yourself. Contact SFPD directly.

➡ Keep in Touch

If the police contact you to return your bike or if you recover it, please let us know! That way, SF SAFE can keep our files updated.

Visit www.sfsafe.org for more safety tips!

If you have any questions, please email safebikessf@sfsafe.org

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➡ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➡ Stay Off the Horn

Sudden honking might startle a cyclist and can cause them to swerve into traffic or off the road.

➡ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➡ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➡ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➡ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

Visit www.sfsafe.org for more safety tips!

If you have any questions, please email safebikessf@sfsafe.org

SFPD updates the [yearly statistics](#) for the Officer Involved Shootings (OIS) Historical Data each year in February for the prior year.

Memorandum of Understanding (MOU) between the San Francisco District Attorney's Office and the San Francisco Police Department

The [MOU](#) outlines the agreement between the San Francisco District Attorney's Office and the San Francisco Police Department regarding the procedures for the criminal investigation of "Covered Incidents" to determine if an officer committed a criminal offense.

Historical Traffic Stops Reports

The Department previously used eStop to collect information on traffic stops. On July 1, 2018, the Department discontinued the use of eStop and began using the State of California's Stop Data Collection System (SDCS). Current stop data collection can be found in the [quarterly 96a Use of Force/Encounter Report for the correlating quarter](#).

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages or individuals following delivery trucks to see where the truck is dropping off packages.
- Please dial 911 to report crimes in progress, suspicious activity or for life threatening emergencies. If it is not an emergency, dial (415) 553-0123.

**See something.
Say something.**

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

Homeless Outreach and Outreach to Drug Users:

Taraval Station has two officers that coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.

Foot Patrols:

Taraval Station has 3 foot beat locations. These officers are assigned to Irving St, West Portal Ave and Ocean Ave.

Monthly Police Community Relations Meetings:

Monthly community meeting are currently on hold due to the current situation, we will update everyone with the date and location of our next meeting. Stay tune for more info.

Email Updates:

Taraval Station will send out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.
