Greetings All,

Theft from retail stores the likes of Walgreens, CVS, Safeway and Rite Aid, etc... continues to be a frustrating problem. These stores serve as important locations where many community members pick up their prescriptions and other necessities. These stores have even remained open and essential during the pandemic to serve community members just so many could still get their important and much needed medication.

If you happen to see theft occurring at one of these stores the best thing to do is not get involved but be a good witness and get a good description of the thief. Theft of property is never worth risking your personal safety. If you can be a good witness and wait for the police to arrive and take a report or make an arrest that is the best case scenario and I'm sure the store employees would very much appreciate your support.

Be safe

Captain Rainsford

-Compared to the same date last year, 2020; as of 04/04/21 we are currently down 39% in theft from vehicles, 6% in assaults, and 0% in robberies. However, we are up 108% in home and commercial burglaries and 23% in motor vehicle theft .

San Francisco Police Warns Public About Telephone Scam 21-077

APRIL 05, 2021 | 12:56 PM .

San Francisco Police have received information that scammers are contacting residents claiming they have outstanding warrants or have committed crimes and must pay a fine. These scammers sometimes use technology known as “caller ID spoofing” to display an SFPD phone number or other official looking phone numbers on the victim’s caller ID.

The public should be reminded that the San Francisco Police Department **does not**:

- Make cold calls asking for donations
- Call people to tell them about warrants
- Ask for money, gift cards or wire transfers to pay off warrants

San Francisco Police urge all members of the community to be suspicious of strangers calling for money to pay outstanding warrants or fines as this is not the correct procedure. Anyone who receives such a call should hang up immediately. Do not engage the caller in conversation and never give out personal information.

We encourage the public to share this information with their loved ones and any vulnerable people who may be potential victims of this scam.

Anyone who has received such a call **and** provided either personal identification information (such Social Security or driver’s license numbers) or given payment by any means, should file a police report in the jurisdiction of their residence.

SFPD Makes Arrest in Bayview Attempted Homicide 21-076

APRIL 05, 2021 | 10:59 AM

On Thursday, March 18, 2021 at approximately 3:05 PM, San Francisco Police officers from Bayview Station responded to the area of Thomas Avenue and Quint Street for a report of a shooting. Officers arrived on scene and spoke with several witnesses who said they heard gunfire and observed two vehicles driving away at a high rate of speed. While on scene, dispatch advised officers that a shooting victim was privately transported to a local hospital. It was determined that the two incidents were connected. Officers responded to the hospital and located a 25-year-old male victim who was suffering from life-threatening injuries. A second victim, a 13-year-old male juvenile, was in the vehicle at the time of the shooting. The juvenile was not struck by gunfire but was treated for non-life-threatening injuries as a result.

Investigators determined that the shooting at Thomas Avenue and Quint Street originated from a road rage incident at 3rd Street and Palou Avenue shortly before the shooting. Following the road rage incident, the suspect located the victims and, armed with an automatic rifle, fired several rounds at them while they were in their vehicle. The suspect ran to a waiting vehicle, being operated by a second suspect, got in and fled the scene.

Investigators from the SFPD Gang Task Force took over the investigation and developed information that led to the identity of the suspect, 24-year-old Evonta Bailey of San Francisco. On Wednesday March 31, 2021 Bailey was taken into custody on the 1400 block of San Leandro Boulevard in San Leandro. At the time of his arrest Bailey was wearing a court-ordered ankle monitor as a requirement of his federal probation for felon in possession of a firearm.

Bailey was later transported to San Francisco County Jail and booked on charges of attempted homicide (664/187 PC), assault with a deadly weapon (245(b) PC), assault with a firearm (245(a)(2) PC), negligent discharge of a firearm (246.3 PC), felon in possession of a firearm (29800(a)(1) PC) and possession of an assault weapon (30605 PC).

While an arrest has been made, this remains an active and ongoing investigation. Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](tel:415-575-4444) and begin the text message with SFPD.

San Francisco Police Make Arrest in Polk and Clay Streets Assaults 21-072

MARCH 24, 2021 | 2:01 PM

On Monday, March 22, 2021, at approximately 7:56 a.m., San Francisco Police officers from Northern Station responded to Polk and Clay Streets for a person attacking people. Officers arrived on scene and located three Asian victims who reported that the suspect physically attacked them.

One of the victims witnessed the suspect following two unknown Asian females. As the females began to run away from the suspect, the suspect threw an unknown object at the females. One of the victims observed that the unknown object hit one of the females in the back as they were running away. The suspect then turned their attention to the victim who witnessed the attack and approached him uttering threats of violence. The victim fearing for his safety pepper-sprayed the suspect. The suspect then retrieved a broomstick and approached the victim again while continuing to utter threats of violence, but the victim fended off the suspect by using pepper spray a second time. The victim did not sustain any injuries from the altercation.

The suspect then approached a second victim who is homeless. The second victim reported to police that he was laying on the sidewalk when the suspect assaulted him without provocation. A third victim witnessed the attack on the homeless victim and intervened to stop the suspect's attack but was assaulted by the suspect with a broomstick. Both victims sustained non-life-threatening injuries and were treated by medics at the scene.

Officers located and detained a subject that matched the victims' descriptions and was also identified as the attacker at the scene. Officers developed probable cause to arrest the suspect identified as 43-year-old Michael Lopez. During the arrest officers located and seized suspected methamphetamines and drug paraphernalia in Lopez's possession.

Lopez was transported and booked at San Francisco County Jail for assault with a deadly weapon (245(a)(1) PC), assault and battery (242 PC), hate crime enhancement (422.6(a) PC), possession of suspected methamphetamines (11377(a) H&S), and possession of narcotic paraphernalia (11364(a) H&S).

The assaults are believed to have been unprovoked. Though the victims reported that no hate speech was uttered, investigators are working to determine if racial bias was a motivating factor in the incident.

Investigators are seeking the public's assistance in identifying and speaking with the two female victims who Lopez initially attacked at Polk and Clay Streets.

While an arrest has been made, this remains an open investigation. Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](sms:415-575-4444) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Arrest Central District Auto Burglary Suspects 21-071

MARCH 23, 2021 | 12:39 PM

Officers recover three firearms, burglary tools, several stolen items and believe the suspects are connected to at least ten auto burglaries in San Francisco.

On Sunday March 14, 2021, San Francisco Police officers assigned to the Central Station plainclothes team were conducting an auto burglary abatement operation around Fisherman's Wharf when, at approximately 12:30 p.m., they were in the area of Northpoint and Taylor Streets and observed a black Volkswagen that was wanted in connection with several auto burglaries. Officers observed two suspects actively breaking into two vehicles on Taylor Street. The suspects then got into the waiting Volkswagen and fled the scene but remained in the area. Officers spotted the Volkswagen on Stockton Street near North Point Street. As the Volkswagen was traveling on Stockton Street officers deployed spike strips in order to disable the vehicle. The driver avoided the spike strips and sped away at a high rate of speed, however the driver lost control of the vehicle and collided into multiple parked vehicles on Stockton Street. The occupants of the vehicle attempted to flee the scene on foot, however responding officers established a perimeter and took all four suspects into custody within five minutes. Officers determined that the suspects broke into seven vehicles in the Fisherman's Wharf area and at least ten vehicles in San Francisco that day.

Two suspects were identified as 18 year-old Donjuan Watson Jr. and 18 year-old Jalin Washington, both of San Francisco. The other two other suspects were identified as a 16 year-old male from San Francisco and a 16 year-old male from South San Francisco.

Officers responded to the scene of the collision and conducted a search of the Volkswagen. Officers located three firearms, all with extended magazines, several burglary tools, and several items that were reported stolen in multiple incidents including, cash, computers, electronics, cameras, backpacks and luggage.

Washington and Watson Jr. were later transported to San Francisco County Jail and booked on charges of burglary (459 PC), receiving stolen property (496(a) PC), conspiracy (182(a)(1) PC), possession of burglary tools (466 PC), resisting arrest (148(a)(1) PC), carrying a concealed weapon (25400(a)(1) PC), carrying a loaded firearm in a vehicle (25850(a) PC), and armed with a firearm during the commission of a felony (12022(a)(1) PC).

The juveniles were booked at the Juvenile Justice Center on charges of burglary (459 PC), receiving stolen property (496(a) PC), conspiracy (182(a)(1) PC), possession of burglary tools (466 PC), resisting arrest (148(a)(1) PC), carrying a concealed weapon (25400(a)(1) PC), carrying a loaded firearm in a vehicle (25850(a) PC), armed with a firearm during the commission of a felony (12022(a)(1) PC), minor in possession of a firearm (29610 PC), and juvenile delinquency (602 W&I). On of the juvenile suspects also charged with driving without a license (12500(a) CVC) and hit and run (20002(a) CVC).

While arrests have been made this remains an open investigation. Anyone with information regarding this investigation is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](sms:4155754411) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Release Burglary Awareness Crime Prevention Video

The San Francisco Police Department would like to remind the public to stay safe and help protect yourself from vehicle and home burglaries. Below are some simple steps you can take to help prevent your home or vehicle from being burglarized.

- Do not leave valuables in your vehicle
- Remove garage door opener from your vehicle if parked outside your garage
- Lock the door from your garage leading inside your home
- “Block the cord” – garage door openers have an emergency release cord that, when pulled, disconnects the door from the mechanism thereby making it easy for burglars to enter your garage

For more information on how to protect yourself, your family and your home from burglary please click on the link below and watch our safety video.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org.

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.
