Hello everyone,

Recently I have been reading and tracking reports that have come across my desk about commercial burglaries. One thing to note is that there is quite a common pattern that some businesses have no security at all. No alarm system, no motion lighting or no camera system.

Business owners or an employee show up to open their business in the morning only to discover they have been burglarized sometime in dark early morning hours and only then call the police. Sometimes the thieves have entered multiple times in the same evening as there was no alarm to alert the police.

I want to stress the importance of securing your business at night when you are closed for business. Some business owners have been securing their premises with either audible alarms, motion lighting or a camera system. It has made a difference for those business owners as they have not been re-victimized and suffered more financial loss. If you currently have a security system, it is a good idea to give it a system check and make sure everything is functioning as you expect.

Also speak with your local merchant's association as often times they can help offset security improvement costs through different funding sources including City grants.

Commercial burglaries during Covid did increase in the Taraval Police District so being vigilant and making security improvements to your business is a smart way to deter crime in our community.

Be safe,

Captain Rainsford

-Compared to the same date last year, 2020; as of 06/06/21 we are currently down 26% in theft from vehicles and 4% in robberies. However, we are up and 9% in assaults, 85% in home and commercial burglaries and 15% in motor vehicle theft .

- If you are reporting a crime in progress, dial 9-1-1(415-553-8090 on cell phones) to report fires, medical emergencies or any emergency related to public safety. San Francisco Police Make Arrest in February Stabbing Homicide 21-105

JUNE 02, 2021 | 2:55 PM

On February 25, 2021, at approximately 10:21 p.m., San Francisco Police officers from the Northern District Police Station responded to the 1100 block of Post Street regarding a reported stabbing. Upon arrival, officers met with San Francisco Fire Department paramedics who were tending to the victim, Devon Williams, 30, of San Francisco. Williams had an apparent stab wound to his chest and was pronounced deceased at the scene. The SFPD Homicide Detail assumed the investigation.

Through the course of the investigation which included surveillance video, the SFPD Homicide Detail published a crime alert bulletin which included images of the homicide suspect. As a result of the crime alert, the suspect was identified as Daniel Lee Raidy, 41, of San Francisco.

A computer check revealed that Raidy had an active no bail warrant for battery resulting in serious bodily injury (243 (d) PC). The warrant stemmed from an August 30, 2020, incident on the 600 block of Geary Street. In that incident, Raidy is suspected of stabbing a 31-year-old, male, San Francisco resident in the torso at approximately 12:25 a.m. before fleeing southbound on Jones Street.

On March 3, 2021, at approximately 10:22 a.m., members of the SFPD Homicide Detail located Raidy and, with the assistance of SFPD Officers assigned to Tenderloin Station, placed Raidy under arrest, for his outstanding warrant, on the 700 Block of Ellis Street.

Also on March 3, 2021, SFPD Homicide Investigators served a search warrant on Raidy's residence one the 800 block of O'Farrell Street. The search warrant resulted in the seizure of evidence including clothing and a knife.

As a result of evidence seized, SFPD investigators developed probable cause to arrest Raidy for Williams' murder. On May 26, 2021, Homicide Investigators placed Raidy under arrest for murder (187 PC) at the San Francisco County Jail where he was in custody.

While an arrest has been made, these remain active investigations. Anyone with information is asked to call the SFPD 24-hour tip line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](sms:4155754444) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Make Arrest in May, Polk Gulch Homicide 21-106

JUNE 04, 2021 | 10:36 AM

On May 8, 2021, at approximately 1:40 a.m., San Francisco Police officers from Northern Police Station responded to a reported shooting on the 100 block of Fern Street. Upon arrival, officers located the victim, 25-year-old San Francisco resident Robert Luis Mena Gallardo on the sidewalk. Mena Gallardo was suffering from apparent gunshot wounds to his upper body. SFPD officers rendered aid until relieved by paramedics from the San Francisco Fire Department (SFFD) who pronounced him deceased at the scene.

Investigators from the SFPD Homicide Detail began an investigation which led to the identity of the suspect. On May 18, 2021, at approximately 1:05 p.m., SFPD officers located Ulysses Gutierrez, 25, of San Francisco, near 46th Avenue and Judah Street and took him into custody. Gutierrez was later booked into the San Francisco County Jail on the charges of murder (187 PC), carrying a loaded firearm in public (25850(a) PC), being a prohibited person in possession of a firearm (29800(a)(1) PC) and a probation violation (1203.2(a) PC). Gutierrez is on probation (Post Release Community Supervision: PRCS) for a prior conviction of being a prohibited person in possession of a firearm (29800(a)(1) PC). A search warrant was also served at Gutierrez's residence on the 1300 block of 47th Avenue and resulted in the seizure of evidence.

While an arrest has been made, this remains an active investigation. Anyone with information is asked to call the SFPD 24-hour Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](sms:4155754411) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Release Burglary Awareness Crime Prevention Video

The San Francisco Police Department would like to remind the public to stay safe and help protect yourself from vehicle and home burglaries. Below are some simple steps you can take to help prevent your home or vehicle from being burglarized.

- Do not leave valuables in your vehicle
- Remove garage door opener from your vehicle if parked outside your garage
- Lock the door from your garage leading inside your home
- “Block the cord” – garage door openers have an emergency release cord that, when pulled, disconnects the door from the mechanism thereby making it easy for burglars to enter your garage

For more information on how to protect yourself, your family and your home from burglary please click on the link below and watch our safety video.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

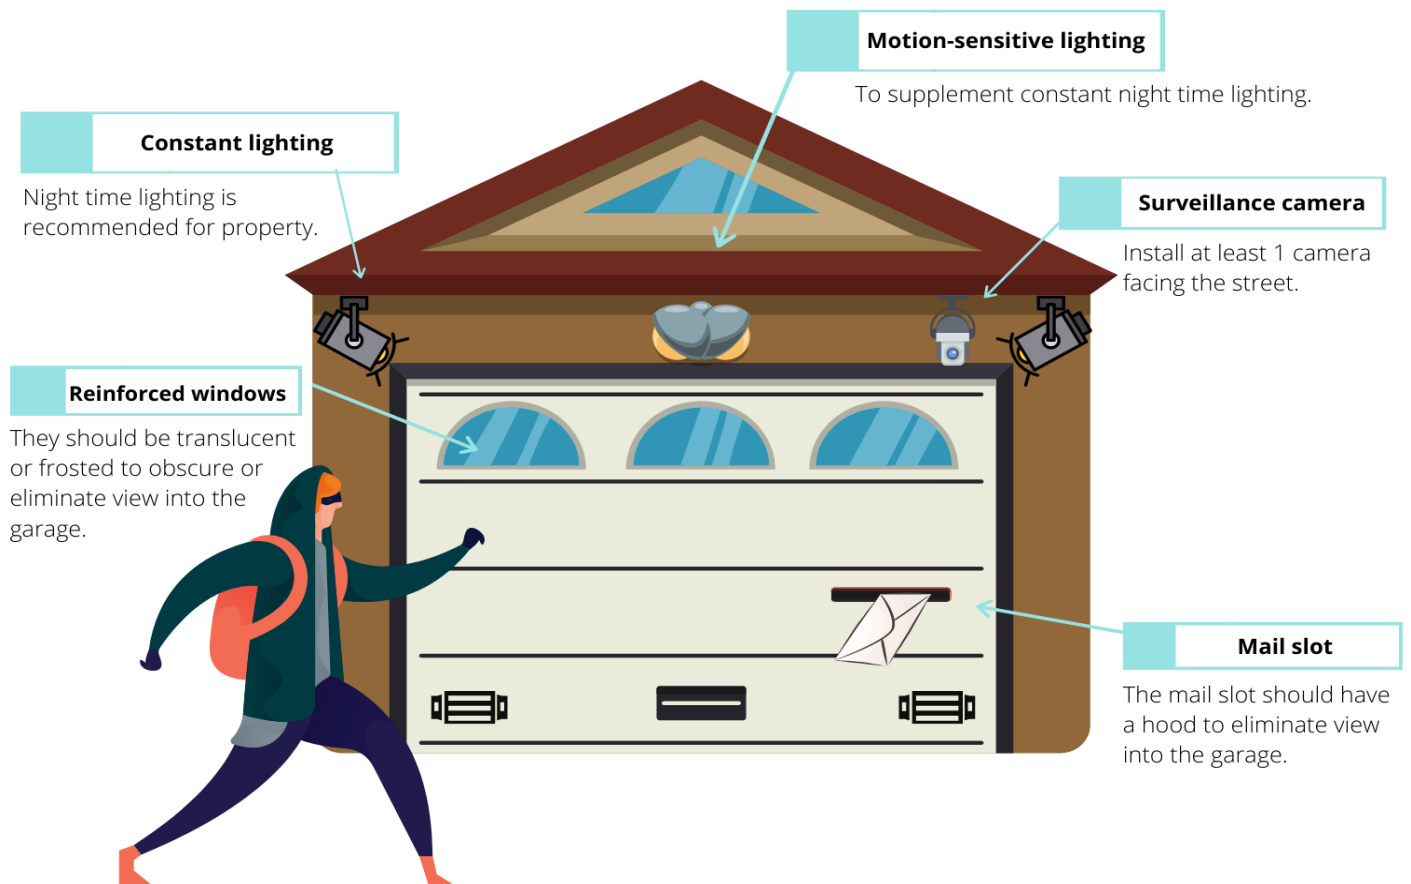

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org.

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.
