SFPD Chief Scott hails overwhelming public support for more police officers in annual CityBeat poll 21-120

JUNE 30, 2021 | 5:21 PM

By a three-to-one margin, San Francisco voters want to see more police officers deployed to high-crime areas, expanded community policing in their own neighborhoods citywide

Chief of Police Bill Scott highlighted key results from a new citywide voter survey released this morning at the San Francisco Chamber of Commerce's 171st Annual CityBeat Breakfast. The annual CityBeat Poll, presented by Dignity Health, provides detailed insights into voter attitudes on a wide array of issues, including public safety and crime. Among major takeaways from poll results released this morning:

- 76 percent of San Francisco voters agree that "Increasing the Number of Police Officers in High Crime Areas" is an overall high priority;
- 76 percent of San Francisco voters identify "Expanding Community-Based Police Work in Neighborhoods" as an overall high priority;
- 64 percent of San Francisco voters report that "Increasing the Number of Police Officers in Busy Areas" is an overall high priority; and
- 60 percent of San Francisco voters agree that "Maintaining Funding for Police Academy Classes" is an overall high priority.

"Although safety concerns explain some support for more police officers, San Franciscans' equally strong support for more community-based policing in their own neighborhoods shows that SFPD's progress on 21st-century police reforms is resonating," Chief Scott said. "We're also encouraged by voters' strong support for recruitment — and continuing to hire new police officers who reflect San Franciscans' values of a more diverse and inclusive police department."

Chief Scott concluded: "After one of the toughest years in policing I've seen in my nearly 32-year career, I am moved and gratified to see this kind of public support for our police officers from the San Franciscans they're sworn to safeguard. This means the world to our cops. On their behalf, we're incredibly grateful to San Franciscans for their support — and to the San Francisco Chamber of Commerce and Dignity Health for commissioning this comprehensive, informative public opinion survey."

San Francisco Police Arrest Wanted Suspect for Assault on Police Officers 21-129

JULY 01, 2021 | 2:35 PM

On Tuesday, June 29, 2021, at approximately 3:20 pm, San Francisco Police officers assigned to the Community Violence Reduction Team (CVRT) arrested a fugitive on parole who had two active felony warrants for his arrest related to robbery and firearms violations. The fugitive was identified as 26-year-old San Francisco male resident, Miller Jernigan. Through the course of the investigation, CVRT officers located Jernigan at 4th and Bryant Streets inside a parked vehicle and attempted to detain him. Jernigan immediately rammed his vehicle into a police vehicle and reversed into another vehicle more than once. Officers on foot saw Jernigan driving the vehicle in a violent manner and approached the vehicle. One of the officers shattered a window to gain access to Jernigan. Jernigan stopped driving, exited the vehicle, and was placed into custody. Jernigan's violent driving actions caused two officers to be injured. One officer was transported to the hospital where he was treated and released for non-life-threatening injuries and a second officer was treated and released by medics for non-life-threatening injuries.

Officers searched Jernigan's vehicle and located a stolen loaded handgun. Officers also located stolen property, which was taken from tourists from an earlier auto burglary. Officers seized the stolen property and returned items to the tourists. The investigation also discovered that Jernigan's vehicle license plate was for a different vehicle, which they seized.

Jernigan was booked into San Francisco County Jail for three counts of assault upon a police officer with a deadly weapon other than with firearm (245(c) PC), a felony charge for convicted person in possession of a firearm (29900(a) PC), convicted felon in possession of firearm (29800(a)(1) PC), carrying loaded firearm in a vehicle (25850(a) PC), carrying a concealed weapon in a vehicle (25400(a)(1) PC), prohibited person in possession of ammunition (30305(a) PC), possession of stolen property (496(a) PC), and parole violation (3056 PC).

Jernigan was also booked for the two confirmed arrest warrants (Warrant #: 2103255021, Violation: Robbery, No Bail) (Warrant #: 211102140628, Violation: Weapons Offense, No Bail).

A photograph of the recovered stolen firearm is attached to this news release.

While an arrest has been made, this remains an active investigation. Anyone with information is asked to call the SFPD 24-hour Tip Line at [1-415-575-4444](tel:415-575-4444) or Text a Tip to [TIP411](sms:415-575-4444) and begin the text message with SFPD. You may remain anonymous.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

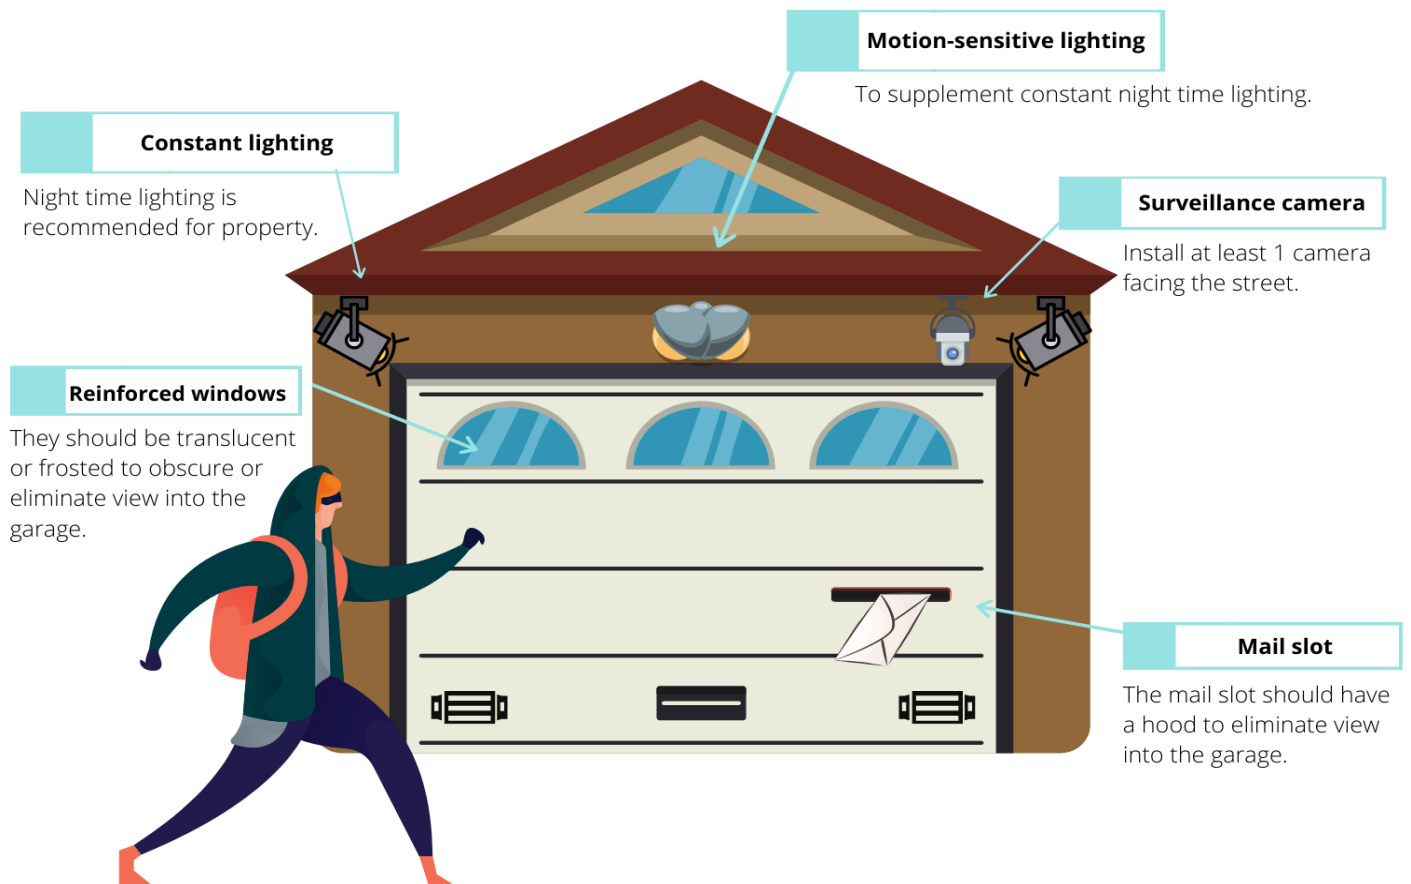

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](https://www.sfsafe.org)

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org.

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.
